Elevator Control

Access Control Linkage with Multi Modules

Personnel Management

### Customizable Access Level

- Support OCR scanner input
- Support online Reservation
- User-friendly interface
- Intuitive access control authority management UI

### Integration with 3rd system

- Support Microsoft Active Directory integration
- Support API integration

### Realtime Monitoring Tree Diagram

- Flexible and expandable design
- Remote opening and closing lock down control
- Pop-up alarm notification
- Special design for server rack management solution: can display up to UNLIMITED devices in a single screen

### Video Surveillance Module

- Fully Support ZKTeco, HikVision and Dahua video surveillance
- Support ONVIF
- Interactive with access control and elevator system with various output options
- Up to 30sec pre-event recording function.

### e-Map

- Support multiple floor location display
- Support device status notification
- Drag and drop layout designing
- Real time monitoring

### Elevator Control

- Support up to 50 Floors
- Support multiple access authority setting
- Multiple event type can be defined

### Access Control Linkage with Multi Modules

- Support multi module linkage
- Access control, video surveillance and elevators
- Support more than 100 linkage combinations
- Support email notification for all events
- Support unlimited email accounts

### Personnel Management

- Support unlimited user accounts.
- Support unlimited departments.
- Advance system authority system.
- Support multiple card for a single user.
